

Shorts About Service Men

What the Boys are Doing Here and There

The missionaries wrote of New Guinea that it is a land of perpetual summer where the bread fruit palm and orange trees grow, where the natives need no clothes and where they can live without work. It is an earthly paradise, they say. But Phil Kearney writes the weather is censored. It can be written however that New Guinea is still an inferno and we all hope it won't be long until the Japs are driven out and the American boys can be moved to a cooler climate and we can give New Guinea back to the natives and the missionaries.

Private James Thomas was here to visit friends last weekend from his Camp Cooke base. He looks fine and says the army is o. k. August Esola, he reported here, occupies a barrack right near him in the same California camp. Both are in the infantry.

SeaBee Leo Cardinal writes from Camp Perry, Virginia, that he appreciates the Sierra Sun as it helps him keep up with the home town news. "They really gave me a rigid training since I've been here," he wrote. "You'd be surprised how much training you can get in such a short time." Leo said he was leaving for advanced training, but didn't know where. "I was wondering when I came here about rationing. They sure serve an awful lot of food and when you take all the camps in the country and figure up the food, there just has to be food rationing."

Mrs. Robert Bowers left for Boise

this week to join her husband, Corp. Bob Bowers, who is stationed there with the air forces.

August Sassarini now has a west coast A. P. O. address. We'll tell you more about that as soon as we can.

Corp. Orlan Waters, stationed in San Francisco, recently received a good conduct medal for "exemplary behavior, efficiency and fidelity." Nice going, Orlan.

Pfc. George (Bud) Zorich and Sgt. Karl Kielhofer who spent the winter with the ski troopers in Colorado now are stationed at Fort Ord, in amphibian training.

Lt. Earl Edmunds, who with Mrs. Edmunds, is enjoying a rest from the rigors of the Aleutians, is sporting a very becoming military mustache. That row of medals under the silver pilot wings also adds to his appearance.

As far as we know Corp. Roy Waters is still at his hospital post in Fort Riley, Kansas, and is sure missing the good fly fishing on the local streams.

Sergeant Karl Kielhofer had a 14 hour leave from Fort Ord and was met at Sacramento by his mother, Mrs. Rose Kielhofer, and by his grandmother, Mrs. Dan Smith.

Frank Nease who has been with the SeaBees in Alaska, has returned to Pleasanton, Calif.

Returned Aleutian Veteran Bomber Pilot Tell Of Raids On Jap Bases

"This is the message which the boys out there on the fighting front want me to convey to you people here at home:

"We are willing to do our jobs and wouldn't trade places with any one of you, but we do want to get this disagreeable task done and get back home to our normal way of living. However, these strikes in industry, particularly those in the war material factories, certainly don't make a hit with the fellows out there doing the fighting."

That was the message brought to Truckee this week from the Alaska-Aleutian front by First Lieutenant Earl Edmunds, son of Mr. and Mrs. C. Edmunds, who has been piloting one of the big four-motored bombers which are driving the Japs off the American soil and paving the way for pushing them into the ocean or back to their island where they can be forever kept in their proper place.

We read of men and women getting \$95 a week striking for more money or better conditions while our boys are working 24-hour days in conditions not adapted to heighten morale, for \$90 or \$95 a month. It is not good to come in from a bombing mission and read these unsavory reports from home. We are not griping and we know that most of you are doing a wonderful job, and that's as it should be. We quite naturally need your wholehearted support and will, if this is given win this war as soon as we possibly can."

Without any heroics and in a straightforward, easy manner, Lt. Edmunds spoke before the Truckee Lions Club Monday night and at the Wyethia Women's Club dinner Tuesday evening. Accompanied by his charming wife, the young officer is resting up at the home of his parents after a year of active duty over the fog-blanketed, Jap-infested Aleutians.

Edmunds recited many interesting stories, but refrained from discussing his personal accomplishments which won him high honors, giving all the credit to his squadron personnel and commanding officers. He failed to mention publicly that his bombardier "a fellow I had known a long time and one of the finest," was killed by anti-aircraft while on a mission over Kiska, sitting in his position only three feet from the pilot. Edmunds' plane was shot up on a number of occasions and crew members

were killed or injured. The local officer escaped uninjured.

The flier was in the first raid on the Jap held island of Kiska and vividly described that surprise attack on the 14 ships in the harbor.

"We came in so low because of the fog," he declared, "that the propellers caused a wake on the water. There were the 14 ships, all right. Our squadron leader signalled for us to lay off the biggest one so he could take it, and we flew after the rest of them."

"We were using 45-second delayed action bombs to prevent the blasts from wrecking our planes, we were so low. As a result, the 1000-pound bombs for the most part penetrated the ships and went straight into the water. We were disappointed, but the next day our photo planes returned and it was revealed that we had sent six of the 14 ships to the bottom. It seems the bombs went through the ships and then exploded under them tearing out seams and letting them sink. We thought it was a pretty good record, but the colonel wasn't satisfied and we went back." Edmunds has made nearly 50 trips in bombing missions over Kiska and Attu islands.

Edmunds said his squadron was called into action last July and although the crews had not worked together much, they made a pretty good showing—much better, in fact, than the Japs. He said the weather proved to be a much more formidable enemy than the opponent army, explaining that several planes were lost in the dense weather which at times forced planes down where they barely skimmed the water.

"We have been very fortunate in our squadron," the lieutenant said, "in losing personnel. Many ships were damaged and of course casualties occurred, but our average was good."

He told of one Zero which came up and flew in formation with them, thumbing his nose at the gunner. This gesture was quickly settled by a burst of .50 calibre machine gun bullets and the Jap and his Zero went down in flames.

After a few more days here and at Mrs. Edmunds' home in Boulder City, Edmunds will report to Salt Lake City for reassignment to another combat zone. Like most fliers who have served in the Aleutians, he is not anxious to return there, but wants to get back into action and get the war over so he and his companions can return home to stay.

GAGE SPEAKER AT ROTARY CLUB MEET

W. C. Gage, in charge of the state quarantine station near Truckee, in a talk before the Truckee-Tahoe Rotary Club Monday night, gave interesting highlights on the work being done there. G. E. Hofmann was the program chairman and L. A. Greene presided.

Visiting Rotarians included C. E. Schmidt, San Francisco; R. Thynnes, Whittier and W. H. Fink, Redding. Sgt. W. Leach of Lathrop was also a guest.

Vacationing—

Miss Elsie Edmunds of Sacramento is spending a vacation at the home of her parents, Mr. and Mrs. Cecil Edmunds. Jack Mitchell also of Sacramento was also a guest at the Edmunds home.

TWO HONORED AT REBEKAH MEETING

Mesdames Eliza Campbell and Lotta Bryant were the honorees at a surprise birthday party given by the members of Naomi Rebekah Lodge Wednesday evening. Lovely handkerchiefs and cards were presented to each honoree. Mrs. George Kamp and Mrs. Judson Foster made birthday cakes for the refreshments at the close of the evening.

CONTRACTORS BOARD MEETS

TAHOE CITY, June 24.—Eight members of the State Contractors Board of California met for a three day session at Tahoe Inn last week, returning to their homes Sunday. The registrar and executive secretary is Herbert E. Weyer of Sacramento.

Sierra Sun

"IT SHINES FOR ALL"

Truckee Republican

75th Year, Number 20

Truckee, Nevada County, California, Thursday, June 24, 1943

Since 1869

MY PLACE IN THE SUN

By CORP. DOUG BARRETT

(Excerpts from letters from some where in the Alaska Theater.)

Sgt. O'Connell's garden has sprouted a fine crop of colored envelopes marking the spots where he has buried some turnip, carrot and radish seeds. The ground up here is supposedly sour but he is making a noble effort and he and I would both appreciate it if you would send us up some more seeds. I, as usual, have adopted the gentleman farmer attitude and sometimes sit beside a tree and advise him on the ancient art of agriculture.

The May issue of Railroad Magazine is at hand and in it is a very informative article on wartime advertising from the railroad angle. I think you might find it interesting if you can get hold of it.

Another feature in the Railroad Mag was a short article on the Central Pacific Mastodon. This engine bore the number 299 and was built by an A. J. Stevens in the C. P.'s Sacramento shops in 1882. It was the forerunner to the Mallet engine in the haul over the Sierra Nevada. The Central Pacific, as you know, was the father and mother of that sterling little community of Truckee and the mastodon probably ran through the home town in the dear days before Southern Pacific took over. The article went on to say that it handled trains up to 14 freight cars—an aggregate of 210 tons—over 2.2 per cent grades involving a succession of 10 degree curves.

Another picture featured the turntable of the Nevada County Narrow Gauge at Grass Valley. You know there is something about a railroad that brings me closer to home—if you know what I mean.

I see by The Sun where my boy George Keetch has attained that state of being where he is out in the world. I know that he will make good if he ever gets attached to anything. He has a pretty good head and better than average sticking power. I kind of hope he'll follow up the trade since he had a good start in it and knew the score pretty well in spite of all that was said.

TWO ARRESTED FOR FISHING AT NIGHT

Charged with fishing at night, Mr. and Mrs. Ben Allen of Rocklin were arrested last Friday night at 10:30 p.m. by Game Warden Bill LaMarr and cited to appear before the justice of the peace at Loyalton. They had two nice trout in their possession when apprehended, LaMarr said.

TRUCK DRIVER NOT HURT IN ACCIDENT

Harry D. Patterson, 32, of Reno, escaped injuries when the brakes on the big Oregon-California-Nevada Fast Freight truck he was driving down Donner grade failed and he was forced to run the loaded vehicle into the bank.

Although the trailer overturned onto the highway, the damage to the cargo was not great, State Patrolman Earl Crane reported. The truck was loaded with general merchandise.

The mishap occurred at 5:30 a.m. last Thursday.

JOHN TANSEY, LOCAL RESIDENT EXPIRES

John J. Tansey, 68, who for the past ten years has spent the summer seasons at his home on the west end of Donner Lake, died there Sunday night. His health had not been good for sometime but his death was unexpected and came as a shock to his family and friends.

He is survived by his wife and a son in the army.

The body was sent to the family home at Berkeley for funeral services and interment.

S. P. DOCTOR HERE EXAMINES SCOUTS

Dr. Sidney Talbot donated his services to the local Boy Scout group one evening last week while he was here with the Southern Pacific medical car. The doctor, who is an ex-Scout master won the appreciation of the local boys who were examined before they can go on camping jaunts with the organization.

State Division Is Unaware Of Sale Of Donner Lake

Local Chamber Continues Efforts To Block Change In Lake

The Truckee Chamber of Commerce is continuing its efforts to determine the status of negotiations between the Truckee-Carson Irrigation District, The Sierra Pacific Power Company and the Donner Lake company and irrigation district the priviports would permit the power comp and the irrigation district the privilege of dredging the outlet of Donner Lake which would be used as a reservoir.

The local civic group has protested the purported transaction to the California division of water resources, charging that the natural, world-renowned beauties of the historic lake would be lost if the dredging and drawing off of water is permitted. The present commercial value of ideal home sites would also be greatly damaged, the chamber directors held.

In a communication received by the chamber, this week in response to a question regarding the purported sale, Harold Conkling, deputy in the office of State Engineer Edward Hyatt wrote, in part:

"We do not know what the Donner Lake Company is selling to the Power Company and the Irrigation District."

The letter was in answer to one in which the chamber of commerce requested information to determine the present status of the deal which had been recently announced as complete between the Donner Lake Company and the utility and irrigation district.

The letter reiterated the plan of the state water resources commission to take action when the time arrived and gave reassurance that the division would be governed by the best interests of the state.

Apparently the water resources division is still in the dark regarding the negotiations as the letter said:

"The negotiations mentioned in our letter of May 24 were carried on between the various Nevada organizations and the U. S. Government. They had nothing to do with the use of Donner Lake, but had to do with the water rights of the Truckee River and the construction of Boca Reservoir."

The chamber does not apparently protest the use of the waters from Donner Lake if taken from the present sill, but the protest is made against proposed and possible dredging operations which might deface the lake's beautiful shoreline.

CITATIONS ISSUED BY STATE PATROL

Several citations were issued by the officers of the Truckee squad of the state highway patrol this week, it was announced by Sgt. B. W. Reynolds, Midshipman Herbert Poorman of Annapolis was tagged for speeding 65 miles an hour; Sgt. Charles Follett of Reno for 60 miles an hour; and James Gardner of Oakland for 60 miles an hour.

Howard Gibson of Kerman was tagged for failure to dim headlights and mechanical citations were given Clifford Adams, San Jose, Paul Graves, San Francisco and James Willie of Hawthorne, Nevada.

BOY SCOUTS WILL TAKE HIKING TRIP

Local residents who are employing Boy Scouts are being asked by Executive Charles Brunk to excuse the young workmen from Saturday at noon until Sunday night as an overnight hike and camping is being arranged. Scoutmasters and executives will be in charge of the outing.

JEFFORD TO SEAT NEW LION OFFICERS

Past District Governor L. R. Jefford of Grass Valley, will be here on Monday to install the new officers for the Truckee Lions Club. He will be accompanied by a group of the Grass Valley members and a 100 per cent local turnout is expected for the ceremonies. Jefford has installed the local officers for several years.

At the meeting Monday, Lt. Earl Edmunds recounted some of his experiences with the bomber squadron in which he was a pilot in the Aleutians. Elden Tonini presided for the last time and will be replaced by N. F. Dolley, president elect.

: Sun : Beams

by WALTER M. BARRETT

Although we may sincerely doubt it, we hope those who thought up this complicated system of taking money out of one pocket and putting it in another and childishly believing, or at least trying to make others believe that it is stable economy, know what they are doing. We do know that in time of war regulations are necessary, but how this roundabout method will regulate or do more than further confuse the public and create new puzzles for the small retailers, is beyond our comprehension. Subsidies are lame excuses in a drive to prevent inflation, we think.

Truckee, we knew, had more than its share of talented artists, but until we viewed the art exhibit at the Wyethia Club's dinner Tuesday night we did not realize just how good some of these local artists are. For one as unfamiliar with art as we are, the work of P. R. Nelson, Phil Jolley and W. M. Englehart, Jr. made a real and lasting impression. We have viewed galleries in much larger centers which did not have as much talent displayed as the pictures on the walls of the clubhouse in Truckee.

We have it first hand that the boys out there on the fighting fronts are not pleased with the constant bickering and strikes on the home front. Those fellows out there are giving up homes, natural ways of living, suffering untold hardships and even dying while groups squabble and bicker and lose precious time and materials over petty things that are seldom fully explained. We cannot place the blame on the working man entirely, but it appears on the face of the thing that if the government is big enough to hang prison terms or death over heads of men of certain age and qualifications, if they refuse to go out and fight the war, it should be powerful enough to see that another group at least works to support those fighting men.

We hate to think what would happen should the service men strike and leave the job for even a day. It is not difficult to visualize what would happen.

TIN SALVAGE STARTS HERE UNDER CARE OF TRUCKEE MAN

Of the 100,000 tons of tin used in the United States last year only 44 tons were produced from tin ore in this country and as tin is an important metal and its principal sources are completely cut off by the war, it becomes increasingly necessary that the metal be salvaged.

For these reasons, W. M. Englehart manager of the Truckee Coca-Cola Bottling Company, has announced he will act as salvager in the Truckee-Tahoe area. Anyone having tin cans is asked to follow these instructions and leave the tins at their grocery store where they will be collected for shipment to centers from where they can be put into war needs.

The instructions for handling are: Wash cans thoroughly after emptying contents. Remove paper labels. Open cans, bottom as well as tops, tuck in tops and bottoms.

Flatten cans by stepping on them. Leave enough space between flattened sides to see through them. Do not hammer them.

Take your prepared cans to your grocery store and they will be collected by the Coca-Cola trucks.

MISS RESNICK, HACK GAIN PUBLICITY

Truckee is mentioned and William L. Hack, superintendent of the Sacramento division of the Southern Pacific Company is described in a feature story in the June 26 issue of Saturday Evening Post. Another article of local interest is one by Miss Rose Resnick concerning her seeing-eye dog, Ilsa, in a recent current magazine published for dog lovers. Miss Resnick who is a featured lecturer and pianist of a San Francisco radio station, recently appeared before local audiences when she was the guest at the A. P. Leitch home.

Family Here—

Mrs. W. F. Wilkie returned recently from San Francisco accompanied by her daughter, Mrs. F. W. Vollmar and granddaughters, Misses Gale and Jocelyn Vollmar who are enjoying a vacation here.

Truckee Enjoys Short Boom As Train Is Derailed

1500 Passengers Swamp All Local Stores During Traffic Delay

Truckee enjoyed a real boom in business yesterday morning when it was estimated 1500 passengers from Southern Pacific passenger trains, tied up here because of a derailment near Midas on the west slope of the mountain, flocked over the town to fill to capacity for hours all eating places and other stores.

Train No. 87, west bound, was here from early morning until after 10 a. m. when it was taken west to await the clearing of the tow main line tracks blocked when the engine and 14 cars on a west-bound freight train were derailed at 3 a.m. Wednesday.

No one was injured in the mishap, reports said, and wrecking crews were soon dispatched to the scene to remedy the trouble. All east and west bound traffic was delayed for about 12 hours.

SCORES VIEW ART EXHIBIT AT LOCAL DINNER PROGRAM

The Wyethia Clubhouse was filled to capacity Tuesday evening when nearly 100 diners gathered to enjoy the "pot-luck" dinner and to view the numerous exhibits of local artists.

Mrs. T. T. Buell, originator of the pleasant affair and president of the club welcomed the guests and gave thanks to her committee on arrangement and preparation and they well earned the applause received.

The three local artists whose work was displayed, W. M. Englehart, Jr., Phil Jolley and P. R. Nelson were introduced. Mrs. J. R. Wolert, the chairman of the entertainment committee played accompaniment for the community singing led by Mrs. Englehart, Jr. and Lt. Earl Edmunds was called upon to recite some of his war experiences in the Alaska front.

Timely and thoroughly pointed was the talking film presented by W. M. Englehart, Sr., for the Coca-Cola Bottling Company, which stressed the necessity for continued war bond buying in backing up the men on the fighting fronts. The novel picture won the hearty approval of the big audience.

Following the dinner guests were permitted to circulate and spent an enjoyable time visiting and scanning the fine art exhibit.

EARL SMITH BREAKS LEG IN ACCIDENT

Earl Smith was handling freight in a car at the S. P. freight house last Friday when a heavy crate fell on his left leg, breaking the bone below the knee. He was taken to the S. P. Hospital in San Francisco for treatment.

SECOND GIRL HURT BY HOME WRINGER

Little Regina Greene, daughter of Mr. and Mrs. Lloyd Greene, suffered painful injuries last week when she caught her hand in a wringer of a washing machine at her home. It was the second accident of this nature during the week, the little Murray girl having recovered from a like mishap.

GRAND OFFICERS AT LOCAL MEETING OF EASTERN STAR

Kathryn Farwell of Alameda, the worthy grand matron, and D. S. Boone, worthy grand patron from Long Beach, visited Truckee Chapter No. 116, Order of Eastern Star, officially at a special meeting held June 18.

Seven other grand officers were present at the meeting including Mrs. Pearl C. Ericson, past grand matron of Nevada.

The grand matron was presented with a gift in a lovely ceremony performed by Theresia Buddle, conductress, assisted by the star points, Florence Matson, Elizabeth Bavier, Clara Ocker, Barbara Phipps and Edith Deaton.

Frank Baker, grand organist, was very generous with his music and played several piano selections.

Eighteen of the 53 out of town guests were from Dutch Flat. The committee served delicious refreshments at the close of the meeting.

Important Notice

ALL TAXPAYERS, whether delinquent or not, should carefully examine the Delinquent Tax List, as errors are likely to occur, which if not discovered in time, would cause inconvenience to parties concerned.

DELINQUENT TAX LIST

In and for the County of Nevada, State of California,
For County Taxes, levied in the year 1942 for the Fiscal Year 1942-1943.

DEFAULT HAVING BEEN MADE in the payment of taxes levied in the year 1942 for the County of Nevada, for the fiscal year ending June 30th,

1943, upon the real and personal property in the DELINQUENT LIST hereinafter given.

NOW THEREFORE, I, ELMA HECKER, TAX COLLECTOR, in and for the said County of Nevada, by virtue of the authority in me vested by law hereby give PUBLIC NOTICE:

Notice is hereby given that unless the total amount due for the fiscal year 1942-1943 for taxes and or assessments, penalties and costs on any property, as shown on the list below, opposite the description of the property, is paid before 10 A. M., June 25th, 1943, the real property on which such amounts are a lien (except real property previously sold to the State and not redeemed), will by operation of law be sold to the State of California at such time in the office of the Tax Collector at the Courthouse in the City of Nevada, County of Nevada.

ELMA HECKER
Tax Collector of Nevada County,

State of California
Dated: May 29th, 1943.

HOME

Busy Hands... Busy Eyes
Now Need, More Than Ever

BETTER LIGHT for BETTER SIGHT

These are homey days, with the family auto restricted in use. There is fun and home-made relaxation within the family circle. Isn't it true in your household?

Consider this new appreciation of home that has come to all of us. Care and repair of clothes and the knitting of socks and sweaters keep needles flying in agile fingers. Good old games come into use or books set aside for future reading take on new interest. Truly hands and eyes are busy these days.

How easily we read or work or play depends on how easily eyes see to do these things. Just how easily we see depends greatly on the light by which eyes work. Conserve eyesight by Better Light for Better Sight. Equip your home with modern lamps and lighting fixtures. It is easy to do and costs very little.

Tahoe Schools

New life has been injected into the Tahoe City area this week with the arrival of 38 of a possible 50 students from all parts of the state to attend the summer high school session at the lake which opened Monday morning following a vacation period of one week. Mrs. Bliss Hinkle, principal of the branch, declared that she expects at least 40 but not more than 50 when all have arrived from distant points.

Fourteen boys are being cared for by Mrs. Sheldon, House mother, who is running the two Atherton houses in the Bittencourt tract for their convenience.

Another housemother for five girls is caring for her group in the E. H. Pomrin house next to the Tahoe City Garage.

The influx of young people should help somewhat in compensating local establishments for the expected loss in trade this summer due to restricted vacation travel. And orchids, incidentally to Mrs. Hinkle whose brainchild the summer session was!

More than 50 persons last Thursday witnessed the closing of the grammar school at Tahoe and its interesting afternoon program. The name of Arthur Ables, former Tahoe schoolboy and nephew of the N. R. Mayfields, was added to that of the other graduate, Bobby Schumacher.

Mrs. Clara Fraser of El Dorado, mother of Mrs. Ray Frazier of Lake Forest is visiting at the home of her daughter.

Tahoe Briefs

Constable and Mrs. Harry Johanson of Tahoe City entertained houseguests over the weekend, their company including Mrs. Johanson's father and mother, Mr. and Mrs. H. J. Zasharias of Sacramento and her cousin and husband, Mr. and Mrs. Raymond E. Marks and two sons of Reno. The first of the week Mrs. W. W. Mein, Jr. of San Francisco arrived at Tahoe and is remaining for several days while making arrangements for the opening of their summer home near the lakeshore at Tahoe Park for the season. The family will arrive for the vacation period June 30.

During the absence of Mrs. Bliss Hinkle in San Francisco for a brief vacation last week, her daughter, Marilyn from San Francisco and her husband's mother, Mrs. Emma Gargan of Penryn arrived to vacation for the week. Prof. Hinkle has arrived at Tahoe to spend some time with his family, and daughter, Sue, Mrs. Donald Enfield of Cleveland and two year old son, David, are anticipated Monday to spend the summer.

Stanley Whittaker of Lodi has subleased the Turnage Market in Tahoe City and will open for the season.

Mr. W. A. Simmonds who was removed to a hospital last week when he was taken seriously ill at his Tahoe home, is reported progressing as well as can be expected considering the seriousness of his illness, a throat condition. On Monday morning he was reported not responding to treatment as well as he might. His wife has been remaining in Reno where she is in constant attendance and is assisting in his nursing.

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
June 21, 1943

Dear Tahoeites:

I write this week on Monday, the day after Father's Day. A high wind is whipping the pine tree branches about and at times sprinkles of rain can be seen falling. The bright sun burst from behind the Nevada hills early this morning but is having a difficult time trying to peek from between fast scurrying clouds that have enveloped the sky and appear determined to bring more precipitation.

Yesterday was dad's day of the year, and at our house daughter Phyllis and her son Sammie and Fireman Third Class Joseph Zaretski motored over from Reno to have dinner with us. While a number of fathers no doubt thrilled with pride in the glory of their brief spotlight, many a dad's heart was heavy with the pains of uncertainty and fear for the welfare of sons long unheard from in the vast panorama of this cruel, globe encircling war. Mingled with their secret sorrows there must too have been a sense of buring pride and satisfaction that in the years to come, when victory and peace have healed the miserable scars and softened the terrible memories, their families' names will have been emblazoned on the golden pages of America's history, to be perpetrated to their honor throughout the ages. Being the father today of a son, or daughter in the armed services becomes equally a distinct honor and a secret cross, but without sons and daughters, life would lose its savor and America would lose her liberty!

From Pfc Ray E. Prusso we have again a nice letter from his Fort Monmouth Marine Corps training center in New Jersey. He is now just one hour, and 15 minutes from little old New York and within easy reach of some of New Jersey's most exclusive resorts. Yet despite their welcome accessibility, he declares he would gladly, without quibbling, trade them all for just a few square inches of good old Tahoe. Brother, Sherwood for months with the Marines on active duty, may soon receive his honorable discharge from his unit because of a bad arm. He underwent an operation on it before enlisting, but it is again giving him trouble. Should this transpire, he no doubt will head straight for Tahoe and a good, long lazy rest. Little brother Donnie, now some five feet six, or so, will also be heading out this way on vacation soon, if present plans develop satisfactorily. Ray asks for WAAC Florence Vernon's address, which we win be glad to forward.

Another Tahoe boy, Robert Wathen 18, son of the William Wathens of the Bittencourt tract, is now vacationing at the lake with his mother. Both have been living in San Jose for some months past, where Robert was attending San Jose State College. Mr. Wathen, engaged in war work, spent his weekends with his family regularly. Robert will not return to school this fall for he has enlisted in the air corps and will go to San Francisco for induction in July.

Dean Hull, son of Mr. and Mrs. Harvey Hull, formerly of Tahoe and now living in Sacramento where they have purchased a home, is doing his bit in the naval reserve at Farragut, Idaho.

From Weller Atherton this week we learn that his son, Leslie, an aviation cadet at St. Joseph, Mo., is looking forward with no small amount of pride to the acquisition of his wings within the next 30 days. And so another Tahoe eagle will take to the skies!

Dick Carnell, 18 year old son of

Noted Artist Paints War Poster

Urging Americans to "Keep 'em Flying" through the purchase of more War Bonds, the above poster will soon make its appearance in several hundred thousand stores and display spots throughout the country. It was painted by George Schreiber, internationally known artist, whose pictures hang in the Metropolitan and Whitney Museums in New York and other museums in various cities. U. S. Treasury Department

the Floyd Carnells, last week was in receipt of his questionnaire from Uncle Sam, who has him listed as a potential I-A. Dick has been working for some weeks at the Henry Kaiser estate, Tall Pines.

Billie Bechdolt, now at Camp Hale with the ski troopers, was among the dutiful sons sending telegrams to their fathers on Sunday. Bill and his pal, Bob Skeels, Auburn skier, took in the city of Denver during their last furlough and found the city far from dull. Although there is no snow on which to practice skiing, the boys are undergoing a toughening up process via long hikes and strenuous cliff climbing. One of Bill's favorite classes is rifle practice.

Staff Sgt. Keith Tackett, son of Mr. and Mrs. Keen Tackett of Meeks Bay divided a visit at the lake between his parents, and his aunt and uncle, Mr. and Mrs. Roy Stary of Dollar, Estate. He hails from Camp Roberts.

Of interest to teen-agers of the Tahoe area will be the surprise announcement this week of Mr. and Mrs. Henry Soll of Pine Lodge of the engagement of their youngest daughter, Mary Jane, 19, to Norman Dewhurst, 23, son of Mr. and Mrs. E. W. Dewhurst of La Jolla, Calif. Their romance, quite unexpected by all their most immediate friends, had its inception on the campus of the University of California at Berkeley where both attended classes. Dewhurst, a mechanical engineer graduate with the June class, started work in his chosen profession on Monday for the government at Treasure Island. Mary Jane plans to continue with her school work at the university where she is majoring in clinical psychology, until she receives her sheep skin a year and a half hence. The happy pair plan to sandwich their informal marriage in between semesters sometime this coming October and will make their home in Berkeley. Dewhurst was a guest of the Solls at Pine Lodge last weekend.

On Saturday, June 26, Tahoe Tavern will again open its doors to the vacationing public. Tim Butler is back again and will be in charge of handling entertainment programs for the summer.

As I finish my chat for the week the wind is still bending the tops of the stately pines and out on the lake the whitecaps dance and break across the water's surging surface.

DETERMINE NECESSITY OF TRIP BEFORE MAKING IT, IS THE ADVISE OF OPA

With troop movements and other military traffic mounting to new peaks, it is imperative to keep down seasonal increases in civilian travel, the Office of War Information emphasized. These increases can be held to a minimum, OWI has been advised by the Office of Defense Transportation, if every citizen will place on himself the patriotic responsibility of traveling only when necessary.

As a guide in determining whether a trip is necessary, the ODT has defined trips for the following six purposes non-essential:

1. Trips to other cities to visit friends.
2. Trips home for the weekend.
3. Sightseeing.
4. Trips to the theater, races or other places of amusement.
5. Any social travel or travel for pleasure.
6. Travel merely for the sake of going somewhere.

USE SUN ADVERTISING

Augusta

Augusta Travers—you know, the one who runs the little hat shop down on Main Street—she's always been dead set against gambling in any form. Never will forget when I was a kid and she found little Hammy, her youngest nephew, playing marbles for keeps out back of the shop. Took it on herself to give him a whaling and point out the evils of gambling. She's a strict woman, Augusta, real strict. Good as gold, of course. But mighty set against the lighter things of life.

Well, so you could have knocked us all over with a feather when Augusta started her gambling campaign for War Bonds and Stamps, right out in the window of her shop. First she got hold of the photographs of

every boy here in town who's joined up, and pasted them on a big board in the window, with little American flags at the corners. Half the town was down there watching her do it. She left the middle empty. Then she brought out a placard she'd had printed up and put it in the middle, and this is what it said: "These are the Local Boys who have enlisted in America's War—They are betting that you are buying War Bonds and Stamps—Hitler and the Japs are betting you aren't—Place your bets inside."

My wife couldn't wait to get herself down there and inside Augusta's shop to see what in the wide world had happened to her, turning right around about gambling like that. You know my wife. She kind of likes to talk. She went right up to Augusta and said, "Augusta Travers, seems like something's come over you. Why, I never thought I'd see you running a gambling campaign in your own shop."

Mean to tell me it's a gamble whether this country buys enough bonds to win this war?" Augusta asked.

I forgot to say. Wasn't just a hat my wife brought home. Was a hat and a \$25 bond.

(Story from an actual report in the U. S. Treasury Department.) Remember: It takes both taxes and War Bonds (and more War Bonds)—to run the War and combat inflation! U. S. Treasury Department

H & W Club News

The H and W Philanthropic Club met at its clubhouse near Meeks Bay Friday night June 18.

After a short business meeting eight new members voted upon at the last meeting, were initiated, the ceremonies being witnessed by 23 members present.

Following the initiation, Mr. and Mrs. Sim Brown were hosts at a delicious light lunch and the remainder of the evening was spent playing games and dancing.

—Mrs. Harrie Tackett.

Change in Church Service

TAHOE CITY, June 24.—Attention is called to a change of services for the Catholic Chapel at Tahoe near Valentine's Lodge this summer. Due to the inavailability of extra priests for summer services, Mass will be heard at 10 a.m. regularly each Sunday for the rest of the summer, with only one instead of the customary two services.

If only the weather man would stop to look at his calendar and send us some good old fashioned summer heat and sunshine, I am sure our outlook would become more cheerful. With July just around the corner, early vacationists will be cheated of an enviable coat of tan to take back to offices and factories.

Wherever my letter may find you may you be blessed with good health, good fortune and fortitude to carry on the struggle for victory which lies ahead. The best of good wishes to you all from the folks at home.

May peace and victory be ours in 1942

As ever,
SWANEE.

TAHOE WOMEN'S CLUB TO PROMOTE AFFAIRS FOR BENEFIT OF ARMY NURSES

TAHOE CITY, June 24.—Members of the Tahoe Women's Club started their summer activities with enthusiasm this year when they met at the home of their new president, Mrs. Harry Johanson in town Thursday evening. The president opened the business meeting with Mrs. Floyd Carnell reading the minutes of the previous session.

Special guest of the group was Mrs. Emil Kraft of Woodland, tri-county treasurer for the Northern District, who was accompanied by her house guest, Mrs. McWilliams. Mrs. Kraft informed the ladies of the latest Federation news and also told them how they might secure speakers for special events during the summer. She told of the federation's chief wartime aim, that of assisting financially local girls who wish to secure nurse's scholarships. The sum of \$200 is being raised and given each candidate who is eligible as soon as the money can be raised, in an attempt to alleviate the shortage of nurses needed by the government. Because the Tahoe club has no definite aim outlined, this vital project as adopted by the women for their 1943 summer objective.

As a direct result, discussion was held and the decision made to set a date at once for the first of a series of parties to be given for this purpose. Since cards seem the most desirable form of entertainment, the first card party will be held Monday night June 28 at the community hall in town.

Mrs. Evelyn Bliss chairman of the Red Cross chapter gave a report on the finished work produced by the group of lake workers last year and expressed a hope that the coming season would see even greater accomplishments.

Mrs. A. M. Anderson read a report on the financial standing of the club.

An amendment as proposed, to be voted upon at the next meeting, to change the by-laws in order that meetings may be held this summer in the evenings instead of the afternoons, and changing the bi-monthly meetings to once in each three weeks.

Miss Donaldine Grass entertained the group with an account of her recent travels through Japan and China, an account which the ladies went continued.

Miss Anita Gebhardt was made chairman of the coming party program and announces that bridge, whist and pinocle will be played on June 28, the date for opening the schedule. Her assistants are Mrs. Joe Duffee, Mr. Henry Zacharias and Mrs. Charles Swanson.

RATION DATES TO WATCH

Gasoline—A coupons, 6, good for four gallons each, must last through July 21.

Sugar—Coupon 13 good for five pounds through August 15. Coupons 15 and 16 are good through October 31 for five pounds each for home canning purposes. Housewives may apply to their local ration boards if necessary.

Coffee—Stamp 24 (1 pound) is good through June 30.

Shoes—Stamp 18 (1 pair) became valid June 16.

Meats, etc.—Red stamps J, K, L, and M good through June 30. N became valid June 20.

Processed foods—Blue stamps K, L, and M continue good through July.

MRS. ENGLEBRIGHT SHOULD REPLACE HUSBAND IN WASHINGTON POSITION

An Editorial

All sentiment aside, the second congressional district will only be exercising plain, ever-day horse sense if it decides to send Mrs. Grace Englebright of Nevada City back to Washington to finish out the unexpired term of her husband, the late Representative Harry L. Englebright.

Word from the leaders in the House of Representatives that if Mrs. Englebright is elected she will be given the same committee posts held by her husband should appeal to the thoughtful voters of the district. This means that Mrs. Englebright would immediately take her place on two committees of vital importance to this district—Mines and Mining and Public Lands. No ordinary first-term could hope for such assignments.

It means moreover, that Mrs. Englebright would have real influence on those committees. She has been promised and would receive the cooperation of her late husband's colleagues. The advantage to her district would be incalculable.

The same cooperation would extend to the work of the House of Representatives generally. No member was better liked or more respected than Harry Englebright. His widow would inherit a vast legacy of good will and friendship. This would make her work easier and insure its effectiveness from the start. Mrs. Englebright's name is worth much in Washington.

Grace Englebright is eminently qualified in her own right. She was born and reared in the second district and knows its problems. She also knows how to do something about these problems in Washington. During the 17 years her husband served so brilliantly, she was at his side constantly, helping and advising.

Tahoe Briefs

John Spangler is a visitor at Tahoe Inn this week. He plans to seek employment at the lake for the summer.

Among Tahoe residents who passed away during the past few months are Mrs. George Kelham, who had spent all or part of every summer for many years at her Sunnyside home, and William Nieman of San Francisco who vacationed for several years at the family home just south of Dr. C. B. Pedersen's place in the Tahoe Park district.

Another frequent visitor who died at the Placerville sanatorium June 12 was George Albert Luneman, 52, El Dorado cattleman, who leaves a long list of old friends in the Tahoe region. Funeral services were held in Placerville June 15 with interment in the Catholic cemetery at Coloma. Five brothers and sisters survive. The Luneman cottage was at Meeks Bay.

Mrs. Stella Watson recently realized one of her lifetime ambitions when she purchased a portion of the old home place where she was raised as a child. It was known as the old railroad house property and in the early days was an important stopping place on the stage line which ran between Sacramento and Placerville. Her paternal grandmother, Mrs. Margaret Compton, who died at the age of 85, told many an interesting story of those early days and many a famous figure was housed beneath her hospitable roof. The tract purchased by Mrs. Watson consists of six acres of fertile woodland surrounded by heaven trees, with a perpetual spring. Two nice cottages dot the landscape, one three room and one five. She plans to reside there during the severe winter season, after school is out.

HOTELS, RESTAURANTS MAY DISPOSE OF EXCESS STOCK

Hotels, restaurants and other commercial eating places, may sell or transfer their excess inventories of rationed foods according to an amendment to general ration order No. 5 issued by the OPA.

Sales of excess inventories may be made by any institutional user with the permission of his local rationing board and at current point values. All stamps, certificates and ration checks acquired for such transaction must be turned over to the applicants ration board within five days of the date of the sale.

Little Dutch Girl

Felicia Guepin proudly holds the commemorative plate the Hollanders dedicated in honor of the birth of Margriet Francisca, princess of Orange-Nassau and daughter of Crown Princess Juliana, on January 19, 1943—the first royal child to be born in North America. The plate, of which a limited number has been made, will be sold by the Netherlands Aid society.

DEALERS MAY ASK FOR ADDITIONAL SUGAR QUOTA

Wholesalers and retailers may now apply for temporary increases in their allowable inventories of sugar to meet the anticipated increased demand for home canning, according to the Office of Price Administration. An amendment permits dealers to operate with double their allowable inventories for approximately the next three months, for a period ending August 31, 1943.

LEGAL NOTICES

STATE OF CALIFORNIA DEPARTMENT OF PUBLIC WORKS DIVISION OF HIGHWAYS

NOTICE TO CONTRACTORS

Sealed proposals will be received at the office of the State Highway Engineer, Room 373, Public Works Building, Sacramento, California, until 2 o'clock p. m. on July 7, 1943, at which time they will be publicly opened and read, in the Assembly Room of said building, for repairing in accordance with the specifications therefor, to which special reference is made, of portions of State Highway as follows:

Nevada, Placer, and Sierra Counties, at various locations in District III, about twenty-one (21) miles in length, a seal coat to be applied.

ASPHALTIC PRODUCTS.—The State has applied for the Certificate of Necessity required for the purchase of the asphaltic materials needed for this contract, in accordance with Recommendation No. 45, Amended, issued by the Office of Petroleum Coordinator for War, dated October 5, 1942.

In accordance with the provisions of Section 1770 of the Labor Code, the Department of Public Works has ascertained the general prevailing rate of wages applicable to the work to be done to be as follows:

Classification	Rate per Hour
Asphalt plant dryerman or	
fireman	\$ 1.20
Laborer	0.875
Mechanic (trouble shooter) ..	1.50
Motor grader operator	1.625
Oil distributor bootman ..	1.00
Oil power shovel or cranes ..	1.10
Operator of power shovel or other excavating equipment,	

ABOVE the HULLABALOO

By LYTLE HULL
History Handicap

Do the American people believe that a post-war association of nations, dedicated to the purpose of maintaining world peace, would be able to accomplish that purpose; and do they believe that this possibility is promising enough to warrant the United States taking the risk of becoming a member?

Anyone can answer these questions, but to answer them intelligently one must have some knowledge of other peace treaties and of other associations of nations which were formed for the same purpose. And there comes the "rub"—we haven't a knowledge of those things. We haven't even a knowledge of our own history! And still a great many college and school professors believe history should not be made one of the compulsory courses. Latin to them is far more important! And as for geometry!

The United States of America is our property. It is the most priceless possession in all the world; not only because it is a magnificent and fertile piece of real estate, but because of its traditions; and because—most of all—it gives us a freedom, an independence, a chance for a happy and contented life such as no other nation on the round globe can give. If we have as much brain matter as that with which nature endowed the ordinary variety of farmyard duck, we will watch and guard this wonderful heritage with the same jealous care which our forefathers bestowed upon it. We will see that no foreign agents with longish black hair get too far with their new fangled philosophies in our schools, in our labor unions and in our government.

We will watch for all the little tricks through which selfish people try to get control of our lives and our freedom. We will keep in mind the fact that our children will some

shovel type controls (up to and including one cubic yard)	1.60
Operator of power shovel or other excavating equipment shovel type controls (over one cubic yard)	1.75
Roller operator	1.50
Tractor driver	1.50
Truck driver (18 cubic yards water level capacity or more)	1.4375
Truck driver (14 cubic yards and less than 18 cubic yards water level capacity)	1.3125
Truck driver (8 cubic yards and less than 14 cubic yards water level capacity)	1.25
Truck driver (4 cubic yards and less than 8 cubic yards water level capacity)	1.0625
Truck driver (less than 4 cubic yards water level capacity)	0.90
Any classification omitted herein not less than	0.875
Overtime—one and one-half (1½) times the above rates.	

Sundays and holidays (except watchmen, guards and flagmen)—one and one-half (1½) times the above rates.

The rates of wages, including overtime, holiday or Sunday rates, above specified are subject to the effect, if applicable thereto, of executive orders of the President of the United States No. 9240, dated September 9, 1942, and No. 9250, dated October 3, 1942, and to any modification thereof and to any and all lawful orders of the President or any other authorized Federal officer or agency, insofar as the same may be applicable to this contract. In case of any inconsistency the rates fixed by any such applicable Federal order, whether higher or lower, shall control.

In accordance with the provisions of Section 1777.5 of the Labor Code, as amended by Chapter 971, Statutes of 1939, and in accordance with the regulations of the California Apprenticeship Council, properly indentured apprentices may be employed in the prosecution of the work.

In accordance with the provisions of the State Contract Act, prospective bidders must file with the Department of Public Works answers to questions contained in a standard form of questionnaire and financial statement including a complete statement of their financial ability and experience in performing public works. Standard forms of such questionnaire and financial statement can be obtained from the State Highway Engineer at his office, Public Works Building, Sacramento. The Department of Public Works will not furnish proposal forms to prospective bidders who have not submitted such questionnaire and financial statement for prequalification at least five days prior to the date fixed for publicly opening sealed bids and been prequalified for at least one day prior to said date.

No bid will be accepted from a Contractor who is not licensed in accordance with the law, under the provisions of Chapter 791, Statutes of 1929, as amended, or Chapter 37, Statutes of 1939, as amended, or to whom a proposal form has not been issued by the Department of Public Works.

Plans may be seen, and forms of proposal, bonds, contract, and specifications may be obtained at the office of the State Highway Engineer, Public Works Building, Sacramento, California, and they may be seen at the offices of the District Engineers at Los Angeles and San Francisco, at the office of the District Engineer of the district in which the work is situated, and at the office of the Associated General Contractors in San Francisco. The District Engineers' offices are located at Eureka, Redding, Marysville, San Francisco, San Luis Obispo, Fresno, Los Angeles, San Bernardino, Bishop, Stockton, and San Diego.

A representative from the district office will be available to accompany prospective bidders for an inspection of the work herein contemplated, and Contractors are urged to investigate the location, character, and quantity of work to be done, with a representative of the Division of Highways. It is requested that arrangements for joint field inspection be made as far in advance as possible.

No bid will be received unless it is made on a blank form furnished by the State Highway Engineer. The special attention of prospective bidders is called to the "Proposal Requirements and Conditions" annexed to the blank form of proposal, for full directions as to bidding, etc.

The Department of Public Works reserves the right to reject any or all bids.

You can speed his visit home

by giving up your
summer train trips

High point in many a service man's life is his short leave or furlough after months of strenuous training. This is often his last chance to visit home before going overseas—a last chance to see his parents, wife or sweetheart.

Furlough days are far too precious to be spent waiting for train accommodations. Yet nowadays our trains are so crowded that even service men on furlough sometimes have to "wait their turn."

Will you help make more room on our trains for service men and other essential war travelers this summer?

Please cancel reservations promptly if your plans change—release this space for use by other travelers. Postpone all train trips of a merely social, sight-seeing or pleasure nature until after the war.

This summer—unless your train trip is urgently necessary—you can do your country a real service by staying close to home!

ORDINANCE NO. 15

AN ORDINANCE DETERMINING THAT THE PUBLIC INTEREST AND NECESSITY DEMAND THE ACQUISITION BY TRUCKEE PUBLIC UTILITY DISTRICT OF A PUBLIC UTILITY, TO-WIT, THE MCGLASHAN WATER COMPANY WORKS FOR SUPPLYING ADDITIONAL WATER TO THE INHABITANTS OF TRUCKEE PUBLIC UTILITY DISTRICT, AND DETERMINING TO ACQUIRE ALL THE PROPERTY AND ASSETS OF MCGLASHAN WATER COMPANY, SAVE AND EXCEPT ITS CASH ON HAND AND ACCOUNTS RECEIVABLE, FIXING THE PURCHASE PRICE OF SAID PUBLIC UTILITY AND THE METHOD AND MANNER OF PAYMENT OF SAID PURCHASE PRICE, AND PROVIDING FOR A LOAN TO SAID DISTRICT OF THE SUM OF \$7500 AT A RATE OF INTEREST OF NOT TO EXCEED 5 PER CENT PER ANNUM, AND FOR THE METHOD AND MANNER OF REPAYMENT OF SAID LOAN OF \$7500.00.

BE IT ENACTED by the Board of Directors of Truckee Public Utility District:

Section 1. WHEREAS, the public interest and necessity of Truckee Public Utility District require the acquisition by Truckee Public Utility District of a certain public utility, to-wit, a system for furnishing and supplying additional water to the inhabitants of Truckee Public Utility District; and

Section 2. WHEREAS, this Board of Directors has determined that the public interest and necessity of said District require the acquisition of all of the property and works of McGlashan Water Company, save and except its cash on hand and accounts receivable; and

Section 3. WHEREAS, the Board of Directors of Truckee Public Utility District has procured, and now has on file, plans and estimates of the cost of original construction and completion by said District of works similar to the works of McGlashan Water Company to be acquired by said District; and

Section 4. WHEREAS, the Board of Directors of said District has secured and placed on file estimates of the revenue that can be expected to be derived from said public utility and from the public utilities of said District; and

Section 5. Whereas, the said Board of Directors has solicited from the owners of McGlashan Water Company offers for said District of all of the existing property and works of the McGlashan Water Company, save and except its cash on hand and accounts receivable; and

Section 6. WHEREAS, an offer has been received by said District from McGlashan Water Company to sell to said District all of the property, works and assets of McGlashan Water Company, save and except its cash on hand and accounts receivable, for the sum of Fifteen Thousand (\$15,000.00) Dollars, payable as hereinafter specified; and

Section 7. WHEREAS, the Board of Directors of said District has determined that said price of \$15,000.00 is less than the cost of original construction by said District of works similar to those proposed to be acquired by said District from McGlashan Water Company; and

Section 8. WHEREAS, the Board of

Directors of said District has determined that the purchase price of said property and works to be so acquired is not disproportionate to the value thereof; and

Section 9. WHEREAS, the said Board of Directors has determined that the cost of the acquisition by said District of said property and works can be repaid from revenues derived from said property and works to be so acquired and from the public utilities of said District, in addition to the other, necessary expenses of the District; and

Section 10. WHEREAS, said purchase price of \$15,000.00 is to be paid as follows: The sum of Twelve Thousand Five Hundred (\$12,500.00) Dollars in cash upon conveyance to said District by said McGlashan Water Company of all of its assets, property and works, save and except its cash on hand and accounts receivable, and the sum of Twenty-five Hundred (\$2,500.00) Dollars by the extension of the right by the District to those stockholders of McGlashan Water Company who have elected to avail themselves of the privilege as to one or more of the shares held by such stockholders of McGlashan Water Company of the right to receive, free of charge, for a period of fifty (50) months from the date of sale to said District of said McGlashan Water Company property and works, at a point on District's pipeline nearest to a designated property in the Town of Truckee, for use on said property, a quantity of water for which said District would charge at its established rate, in the absence of such agreement, the sum of \$2.00 per month, provided, that said right shall not be extended as to more than fifty (50) shares of McGlashan Water Company stock; and

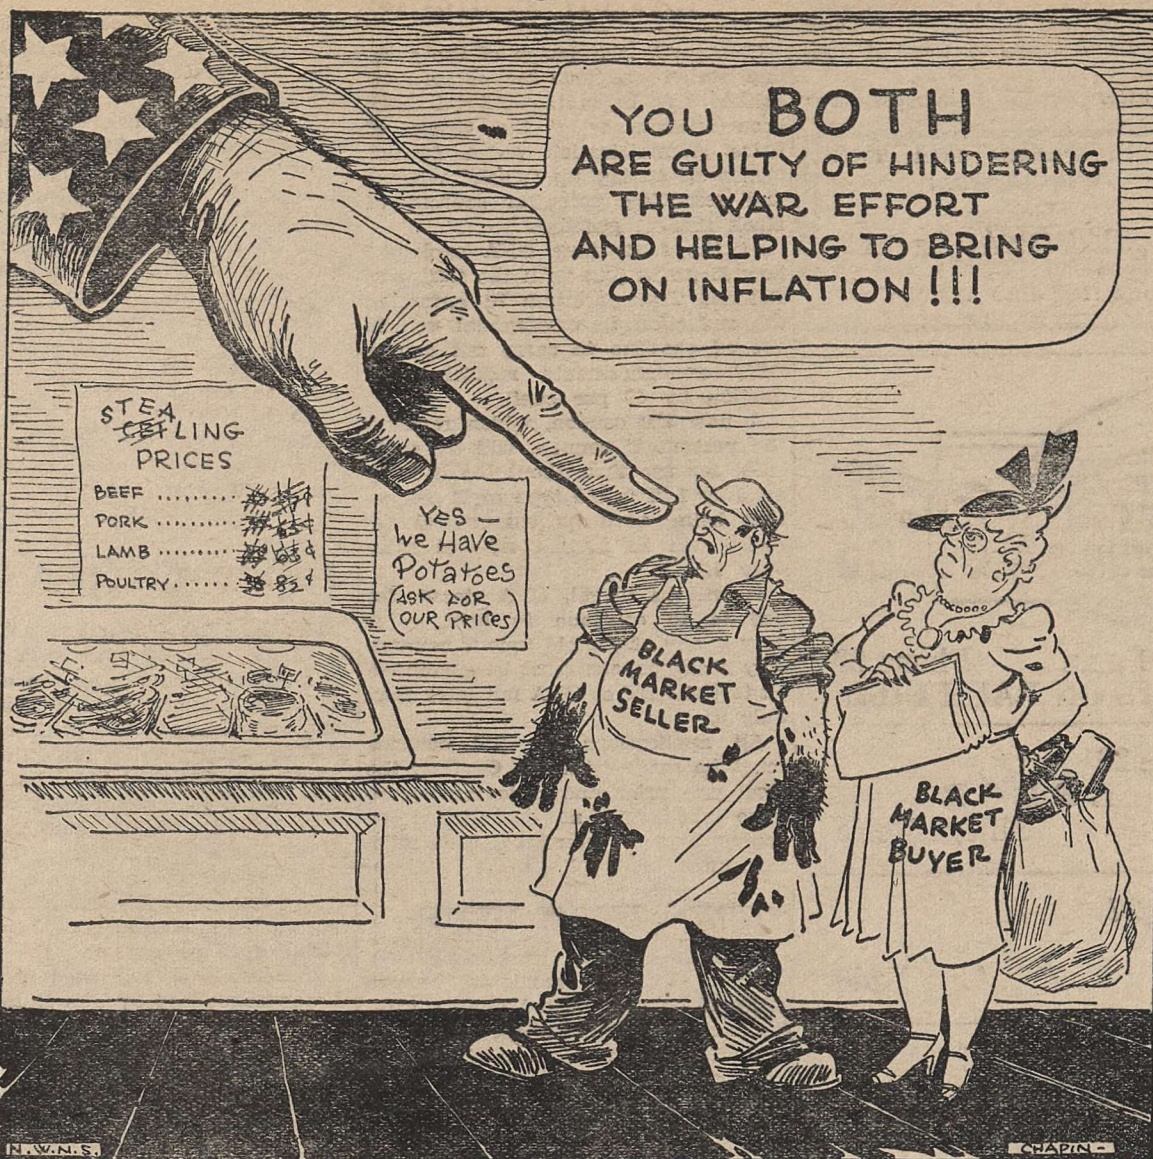

Section 11. WHEREAS, said District does not have available for use in consummating the purchase of said property and works to be so acquired the sum of \$7500.00, said sum of \$7500.00 is to be borrowed by said District from Bank of America, National Trust and Savings Association, or such other banking institution, corporation, individual or individuals as are willing to loan said sum to said District, at a rate of interest not to exceed five (5) per cent per annum, said sum to be repayable in monthly, quarterly, semi-annual, or annual installments aggregating not less than the sum of Fifteen Hundred (\$1500.00) Dollars per annum; and

Section 12. The Board of Directors of said District determines that the cost of acquiring the property and works to be acquired from McGlashan Water Company can be paid out of the revenues of the District derived from the operation of its public utilities in addition to the other, necessary expenses of the District; and

Section 13. The Board of Directors of said District and said District do hereby determine to acquire such public utility, to-wit, all of the property and works used or useful in supplying water to the inhabitants of said District, save and except the cash on hand and accounts receivable of McGlashan Water Company, and to pay therefor the purchase price herein specified in the manner here provided, and to repay the said sum of \$7500.00 to be borrowed to consummate said transaction, together with interest thereon at the rate of not to exceed five (5) per cent per annum, in the manner herein set forth; and

Section 14. IT IS HEREBY ORD-

The Finger of Scorn

ERED that this ordinance shall be published for two (2) weeks in The Sierra Sun and Truckee Republican, a newspaper of general circulation printed and published in the District.

The foregoing ordinance was passed at a regular meeting of the Board of Directors on the 15th day of June, 1943, by the following vote: Ayes: E. L. Loynd and C. E. Smith. Noes: None.

ATTEST: George Pace, C. E. Smith, President of the Board of Directors.

S. P. HAS 12,000TH STAR IN ITS FLAG

With the 12,000th star just added to Southern Pacific's service flag, designation of Tuesday, June 15, as "S. P. War Service Day" in honor of former employees in the armed forces was announced by A. T. Mercier, president of the company.

In a message to the railroad's 90,000 men and women regarding the special event, President Mercier said:

"Let us pledge anew our fullest support to the fighting services by making each job each day count to the utmost; by being alert and safe; by promoting teamwork with a spirit of helpfulness to all railroad patrons; by writing to fellow workers in the armed forces and by buying War Bonds, contributing to war relief agencies and donating to the blood banks."

MAN JAILED HERE HAD MANY TICKETS

COLFAX, June 17.—Highway Patrolman H. M. Shear says a traffic offender has demonstrated to him that a wise man keeps his own counsel.

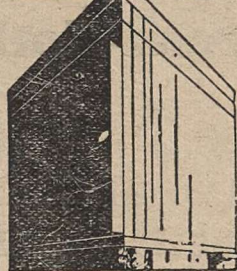

Shear cited Harold Wyatt of San Francisco for speeding on a trip from San Francisco to Reno. Subsequently he was fined \$35 by Justice of the Peace Jean Dittmore in Colfax for driving 70 miles an hour.

Shear said he learned later, Wyatt had been cited two other times in Placer County and once in Nevada County on the same trip by different officers for speeding.

He said this was learned when he put up an argument in Truckee and was placed in jail for the night and tickets were found on him.

THAT 20% DEDUCTION

That 20% deduction from our wages which all employers will have to make beginning July 1, is going to hurt while we are adjusting ourselves to it—but it's going to be a nice feeling next March to realize that we are all paid up on income tax.

The pay-as-you-go plan is definitely a progressive step in the handling of taxation. Any objections which most of us will feel toward it will result from the amount rather than the method of payment. For in the long run there is no doubt that it is easier and fairer to pay taxes each month on the amount we earn that month and thus have our payments adjusted immediately if our wages increase or decrease.

Under the old plan, many people who lost their jobs or took big cuts in income were suddenly obligated to pay a large tax on money they had earned in better days the year before. Under the new plan we will never be under any big obligation to the government.

So, although we are going to have a sizable chunk taken out of our wages, rather than think of it as a cut in pay the more philosophical of us will, instead, think of it as a step toward putting our personal finances on a sounder and more efficient basis.

COUPON TRADING

Coupon trading seems to have become a favorite national pastime. Although OPA rules oppose it, there isn't much that can be done to prevent a woman from giving a neighbor a shoe coupon in exchange for a coffee coupon or a sugar coupon.

Nor is there any practical way to prevent a man who has more gasoline coupons than he needs from giving his extras to his friends.

The OPA has made feeble efforts to stop this practice but it is the kind of thing that cannot be stopped by a policeman. The only way it can be curbed is to make people feel ashamed of themselves for participating in such petty unpatriotic acts. This has been done effectively with hoarding and most people who have a stack of unreported canned goods in their cellars would probably be a lot happier and sleep more comfortably if they could quietly sneak their hoard back onto the grocer's shelves.

The OPA made it clear that hoarding of food was definitely against the interests of our country. But it has not been so definite about coupon trading. Frankly we are not sure what acts of coupon trading are right and what ones are wrong. If our consciences must be the enforcement agent, the OPA should give us a clearer set of rules.

TAHOE CITY, June 17.—Friends of W. A. Simmonds of Tahoe are awaiting word of his condition from a Reno hospital where he was taken on Tuesday, believed to be ill with a severe throat ailment.

Prohibition

They're at it again in America, and even as in the days of World War I we may yet hear that America is Dry.

Most of us in the U. S. armed forces could not be classed as violently opposed to liquor control for most of us believe in moderation. On the other hand, there are few of us who could be included in the group of Americans who felt "the noble experiment" was a huge success.

It is with alarm therefore that we learn of the growing political strength of the anti-liquor crowd in the United States.

Taking advantage of wartime conditions and restrictions the new prohibition group is working night and day for legislation which will give America prohibition in fact if not in name. Using the tactics of the Farm Block, the anti-liquor crowd is tacking on amendments to practically every military appropriations measure in a desperate effort to secure prohibition or the nearest thing to it by force through Congress.

Rationing is playing into their hands and gives them a good excuse, and no opportunity is missed to use this excuse in their effort to limit the production and distribution of liquor of all types.

We can remember the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control.

INSPECTION MADE OF GROUSE RIDGE

District Ranger Warren E. Barnes of the Big Bend district of the Tahoe National Forest recently inspected the damage caused to the Grouse Ridge Lookout by last winter's storms.

Ranger Barnes also inspected the road and states that it is still blocked by snow and fallen timber. The lock will be removed from the gate June 22 but access through to the Grouse Ridge campground depends on the melting of heavy snow drifts near the top of the peak.

War Takes 96¢ Of Each Dollar

Out of every \$18.75 that is invested in a War Bond, \$18 goes into guns, planes, tanks, ships and other military equipment. The 75 cents goes for ordinary governmental expenditures. Out of every dollar 96 cents goes toward the war effort and 4 cents goes for Government "business as usual."

The same ratio applies to all other securities the Government has offered investors in the Second War Loan campaign for 13 billion dollars.

COMPARE

a Mail-Well Envelope

with any Envelope and you will readily
see the superiority
of Mail-Well construction

• Notice in the above illustration the entirely different construction of the two envelope flaps. Figure 1 shows the old style flap. Figure 2 shows the "Mail-Well" flap which has been designed to protect the contents of the envelope. The outstanding advantages of this special high shoulder flap are:

It allows adequate room for heavy gumming at the corners, the envelope's weakest point, where added protection is most needed.*

It assures safe delivery of the contents even when stuffed to capacity.

It gives easy access to the letter opener although sealed nearly airtight.

You can best judge the merits when you have a Mail-Well and any other type envelope in your hands. Let us show you samples—a comparison will readily convince you of the added protection given your mail by Mail-Well envelopes. You will be under no obligation to order.

*All envelopes ride on the flap edge when going through the sorting and cancelling machines at the Post Office.

CHANGES MADE IN COMMERCIAL GAS RATION PROGRAM

Changes in the design of the gasoline ration coupons for commercial vehicle use beginning July 1 have been announced by the Office of Price Administration as a further means of taking up "slack" mileage and removing potential sources of black market gasoline.

At the same time OPA explained how it would join with the Office of Defense Transportation in enforcing the reduction in commercial vehicle use of gasoline to carry out earlier ODT announcements requiring reduction by 40 per cent.

A new TT coupon, which replaces the present T coupon, will be made valid for use throughout the country on July 1. The old type of T coupon now being used by commercial vehicles will be invalid on and after July 1.

It will be illegal, OPA stated, for anyone to continue to hold, after July 5, any of the old type T coupons. Any such coupons must be surrendered to the ODT or OPA not later than July 5.

All applications for TT coupons must be made with the ODT as the local war price and rationing boards have absolutely no jurisdiction or control over commercial vehicle mileage, under new rulings.

THREE FROM HERE BECOME CITIZENS

Three Truckee residents became citizens of the United States after successfully passing the required examinations with the class of 24 aliens at Nevada City last Friday. Those from Truckee were Amedeo Nieri, a native of Italy, Giacomo Pettiti, a native of Italy and George Bosnak, a native of Yugoslavia.

NEW SCHEDULE FOR STATE SALES TAX

New sales tax schedules which are authorized will become effective on July 1, the state board of equalization announced.

The sales and use tax rate was reduced from 3 to 2½ per cent and among other changes made, sales of fertilizers to be applied to land were added to the exempt list.

The following schedule may be used to determine the sales tax:

.01 to 14 cents Nothing
.15 to .59 cent .01
.60 to .99 .02
1.00 to 1.39 .03
1.40 to 1.79 .04
1.80 to 2.19 .05

Above 2.19 the tax collections from purchasers would continue at this rate by 40 cent brackets.

Tahoe Briefs

The lake level Monday, according to Stanley Martin who is in charge of measurements during the absence of W. A. Simmonds, in a Reno hospital, stood at 6228.99 with only 53 CSF of water leaving the gates.

Mr. and Mrs. Ralph F. Walker of San Francisco, accompanied by Mrs. Elsie Druhn and Elizabeth Nenonen, of the same city, members of their staff, arrived at their estate, Unaliyi in the Sunnyside district Monday for the summer season.

The opening date of the Tahoe Casino has been advanced to July 1. It was announced by Tim Butler who is in charge. Programs will be listed in the columns of the Sierra Sun for convenience of patrons.

Mrs. Ben Callendar and son have arrived from the bay district to join Callendar who is preparing to open The Hut for July 1 at Homewood.

Mrs. Lloyd Yeakel and son Rodney came up from Berkeley with Nina Rogers last Saturday to open their cottage for a week.

POSTAL POSITION

Arthur Couillard of Donner Summit Lodge has been appointed acting postmaster at Soda Springs, succeeding Mrs. Bertha Jones, who retired. Patrons of the former post office at Norden now receive their mail at Soda Springs.

CLASSIFIED ADS
